University of Wisconsin-Stevens Point

Student Governance Implementation Plan

1. Background

Wisconsin State Statute 36.09(5), corresponding case law, and UW System policy, grants students the right and responsibility to actively participate in the governance of the University of Wisconsin-Stevens Point. UW-Stevens Point has a long, rich, and innovative history of student governance that began in the 1960’s. This Implementation Plan is an update of the 2014 iteration of the Implementation Plan: it is a recommitment to student shared governance that is specific to UW-Stevens Point, and it is an effort to clarify and update student shared governance. This version shall officially replace the 2014 “UWSP Shared Governance Implementation Plan,” and this shall be the sole implementation plan, as recognized by Regent Policy 30-3, outlining the roles of the Student Government Association and the student body in the shared governance of UW-Stevens Point.

2. Wisconsin State Statute 36.09(5)

"The students of each institution or campus subject to the responsibilities and powers of the board, the president, the Chancellor and the faculty shall be active participants in the immediate governance of and policy development for such institutions. As such, students shall have primary responsibility for the formulation and review of policies concerning student life, services and interests. Students in consultation with the Chancellor and subject to the final confirmation of the board shall have the responsibility for the disposition of those student fees which constitute substantial support for campus student activities. The students of each institution or campus shall have the right to organize themselves in a manner they determine and to select their representatives to participate in institutional governance."

3. Regent Policy Documents – Section 30-3

As a specific stipulation of the statute, as outlined in Board of Regent Policy 30-3, students "shall have the responsibility for the disposition of allocable portions of the revenue received from student fees. Chancellors, in consultation with the students, shall define the allocable and non-allocable portions of the student fee with particularity, observing that this area shall not and cannot, without appropriate policy action by the institution and board, include withdrawal of fee support from on-going fiscal commitments such as debt service, or the support of staff personnel on continuing appointments. Students, acting through the SUF Allocations Committee (SUFA) or other designated institution-wide body, shall be responsible for formulation of the allocable SUF budget, subject to the responsibilities of the chancellor. The basis for denying or changing the student decision shall be substantial and shall be communicated by the chancellor to the recommending student agency in a timely manner. The Chancellor shall discuss any changes they recommend to the SUF budget for student consideration and decision before the Chancellor forwards the institution’s budget to System Administration and the Regents.

The chancellors are responsible for administering funds received from student fees. Specifically, no expenditure of such funds can be authorized except with the approval of the Chancellor through the processes established for any expenditure for any expenditure of public funds held by the University System or its institutions.
[University of Wisconsin System guidelines concerning the approval and administration of segregated fees are contained in the UW-System Administrative Policies (SYS), see e.g., SYS 820, Segregated University Fees.]

4. Student Government Association

Wisconsin State Statute 36.09(5) "The students of each institution or campus shall have the right to organize themselves in a manner they determine and to select their representatives to participate in institutional governance." The students of UW-Stevens Point have chosen to organize themselves as the Student Government Association (SGA), which is sole body representing the students for this purpose of governance and the overseeing of student fees. The SGA has the authority to represent and advocate for the student body. Every enrolled student is a member of the SGA, and it is led by an elected and appointed body of officers that comprise of a Legislative, an Executive, and a Judicial Branch. The SGA has the sole authority to appoint students to all governance committees, unless that power is otherwise delegated by the SGA. For more information on the SGA, please refer to the SGA Constitution, Bylaws, and Statutes.

4.1 Organizational Status

The SGA shall be recognized and treated as a shared governance entity, not as a student organization. Annual reapplication for SGA's office and cabinet space shall not be necessary.

4.2 Student Organization Recognition and Policy

The SGA is the governing body of student organizations. It shall have the sole ability, in consultation with the Chancellor, to recognize and derecognize student organizations. The SGA shall be responsible for determining policy for student organizations. The Student Involvement and Employment Office (SIEO) shall continue to administer and enforce this policy, and to develop student leaders through programming, employment, and involvement. Student organization conduct cases occur through the SGA Judicial Branch, by collaboration with the Dean of Student’s Office.

4.3 University Centers Policy

Policy for the University Centers is created and reviewed in the University Centers Advisory Policy Board. UCABP does not do any budget work; however, the SGA UCABP chairperson may choose to seek budget feedback from UCABP to inform their voting on NUFAS. UCABP is a standing committee of the SGA.

4.4 Text Rental Policy

Policy for text rental is created and reviewed in the Joint Committee on Text Rental (JCTR). This Joint Committee shall be made up of equal representatives from Common Council, identified by the executive committee, and the SGA, shall elect its own chair. The University Centers Student Director and the Director of the University Centers, or their designee, shall both be non-voting ex-officio members on this committee. The JCTR shall be the sole body governing text rental policies, and changes to text rental policies shall be sent to the Academic Affairs Committee and the SGA for deliberation and vote. Only policy finally approved by the both Common Council and SGA shall be adopted, and that policy should be identical (e.g., if one body amends a policy and
the other one doesn't, then is must be sent back to the JCTR until a compromise policy is formed.)

4.5 Student Health Services Policy

Policy for Student Health Services is created and reviewed in the Student Health Advisory Committee (SHAC). The SHAC does not do any budget work; however, the SGA SHAC chairperson may choose to seek budget feedback from SHAC to inform their voting on the NUFAS. SHAC is a standing committee of the SGA.

5. Segregated University Fee Allocation Committee

The Segregated University Fee Allocation Committee (SUFAC) is a standing committee of the SGA Senate, and shall operate under Board of Regents, UW-System, and UWSP policies as well as viewpoint neutrality and other applicable case law. SUFAC approves all allocable segregated fee decisions, approves Non-allocable University Fee Allocation Subcommittee (NUFAS) decisions, and approves any inter-institutional organizations fee. SUFAC shall also review any student fee, including the auxiliary fees (outlined in section 9) and the municipality fee. Any segregated fee (as defined in Wisconsin State Statute 36.09(5) and Regent Policy) not approved by SUFAC and the SGA senate cannot be assessed to the students. Only currently enrolled students may be voting members of SUFAC. SUFAC actions are subject to final approval by the SGA Senate. SUFAC membership shall be defined as written in the SUFAC Bylaws, as well as briefly outlined in this document.

6. Non-allocable University Fee Allocation Subcommittee

The Non-allocable Segregated University Fee Subcommittee (NUFAS) is a subcommittee of SUFAC and shall operate under Board of Regents, UW-System, and UWSP policies. NUFAS approves all non-allocable segregated fee decisions and new non-allocable fees. Only currently enrolled students may be voting members of NUFAS. NUFAS actions are subject to intermediate approval by SUFAC, and then final approval by the SGA Senate. NUFAS membership shall be defined as written in the NUFAS Bylaws, as well as briefly outlined in this document; members of NUFAS do not need to be SUFAC members, however membership in both committees shall not be prohibited.

7. Allocable Segregated Fees

Allocable segregated fees go through an annual budgeting process through SUFAC and are classified into nine categories, as defined below. After being deliberated and approved in SUFAC, all allocable segregated fees are sent to the SGA Senate for approval before being forwarded to the Chancellor. The Senate may not amend a SUFAC decision. The Senate may only approve of individual budgets or send them back to SUFAC for further deliberation. The Senate may only refer proposed budgets back once. Any vote less than 2/3 majority of the seated Senate is required to overturn the SUFAC decision. Any vote less than 2/3 in opposition to the SUFAC proposed budgets, results in the SUFAC decision confirmation.

The Chancellor reserves the right to overturn any decision made by SUFAC or SGA Senate. In accordance with Wisconsin State Statute 36.09(5), Board of Regents Policy 30-3 and 30-5, SGA reserves the right to appeal to the Board of Regents.
Should there be any changes to the allocable budgets that would remove or reduce personnel, the Vice Chancellor of Student Affairs will be provided the necessary time to address the reduction in funds taking into account existing commitments in staff personnel contracts.

7.1 Subsidy Budgets

As part of the allocable segregated fee process, SUFAC can distribute subsidies to UWSP departments. Other than those defined below, non-allocable fee-receiving entities may not receive subsidies. These must come up for approval each year.

If a non-allocable fee request exceeds a 3% increase from the previous fiscal year annual fee, NUFAS reserves line item authority to bring the request equal to or greater than a 3% increase from the previous fiscal year annual fee. After assessment from NUFAS, and intermediate review by SUFAC, the Senate may only approve the proposed non-allocable fee or vote in opposition to the proposed fee. SGA Senate may refer the action back the originating committee exactly one time for revision. If a vote in opposition to the fee is held, the Chancellor shall call a meeting and make the final decision after a hearing with relevant stakeholders.

Non-allocable fee requests will be due to the SGA Budget Director by the end of the third week of each November. Non-Allocable budget hearings will take place between the fourth week of November and the last teaching day of the fall semester.

Budgets, fee rates, and policies are conducted in the three below committees, and shall, in accordance with UW Board of Regents guidelines be sent to the SGA and SUFAC as informational items.

9.1 Residence Halls

Student involvement in decision-making for the residence halls is delegated to the Residence Halls Association (RHA). They approve auxiliary fee budget recommendations, major renovations and program/policy initiatives.

guidance of the university's parking services. The committee shall be the sole advisory body on parking, and will work to advise programs, policies, contracts, and budgets of parking services, including the authority over fee rates. The PAB is made up of students, faculty, staff, and members of parking services. As a Joint Committee that crosses multiple governance groups, policies and fee changes passed in the PAB are subject to approval through the legislative process of the SGA, Faculty Senate, and the Classified Staff Council.

9.3 Dining Services

The board is made up primarily of students, but has staff members present as determined by the DAB Constitution.

10. Reserves and Carryover

Reserves are any unspent segregated fees that exist, allocable or non-allocable, that have been collected at the end of the fiscal year.

10.1 Student Organization Reserves

SUFAC is responsible for the keeping of allocable fee reserves, including travel, programming, unanticipated, and the organizational and operational expense fund (OOF), accessible only to student organizations. The process of these reserve accounts, their minimum/maximum levels, and means for applying for these funds, is outlined in the SUFAC bylaws.

10.2 Main Reserve

The Main Reserve is SGA’s primary account, with the exception of the SGA main operating account, that is used to help fund unanticipated expenses due to extenuating circumstances related to other activities funded by segregated fees. The Main Reserve is used as a sweeping account for any unspent or excess segregated fees at the end of the fiscal year. SGA is the sole authority in allocating Main Reserve funds.

All allocable segregated fees that have gone unspent at the end of the fiscal year will be moved back into the SGA Main Reserve, unless the department/unit has received explicit permission to maintain their own reserves.

10.3 Subsidized Department Carryover

Carryover requests for subsidized departments must come in the form of a written request to Summer SUFAC, which shall consist of the SGA President, Vice President, and Budget Director. It is at the sole discretion of Summer SUFAC to approve or deny any request for carryover.
