1. I am interested in becoming a representative because I am a Political Science major, and I believe this will help in regards to my major. I also feel like student life on this campus could be significantly improved, and I wish to do something about that.

2. I feel as though my experience studying Politics and Policy, as well as my knowledge of government makes me a good fit for this position.

3. I feel as though students will benefit from me being their representative because I am committed to improving student life. After being a student at UWSP for 3 semesters, I thoroughly believe that ~~there~~ there needs to be a greater number of clubs, events, and activities so students can meet like-minded people. I think there needs to be more variety so no student feels left out. I have the best interest of those I will be representing at heart.

P.S: I'll do a much better job than my horrific handwriting suggests! ☺
